

A BOUQUET OF NATURAL BLISS

ABOUT US

I created Jennifer Junipers in 2003 as a way of helping fulfill an important life purpose for me—to fully love myself and to inspire others to fully love themselves. I value the opportunity to provide what I believe are excellent and life enhancing products. Life enhancing, because when we love and treat ourselves as the divinity we are, we awaken our truest passions, and that becomes the world we create together.

## ABOUT OUR NATURAL SOAP

Each nourishing bar of Jennifer Junipers' soap starts with a base of olive, palm, coconut, jojoba and castor oils. The oils of olive, palm and coconut are the essentials for creating a superior bar of soap. Each bar is further enhanced with jojoba and castor oil. Jojoba is a natural liquid wax from the kernels of an evergreen desert plant, and is often called the liquid gold of the desert. It is both a moisturizer and humectant, and along with castor oil (for its tremendous moisturizing qualities) contributes to an amazing lather in soap.

Jennifer Junipers' soaps are scented with synergistic blends of 100% pure essential oils (high quality and pesticide free). Pure essential oils have the ability to touch our deeper emotional layers. Synthetic fragrance substitutes cannot compete with the pure essences of nature. Jennifer Junipers' soaps come by their color either through the oils themselves, or the addition of complementary organically grown or ethically wildcrafted herbs and spices.

# 6 Delightful SCENTS

**1. FIRESIDE BAY:** Earthy and comforting, this soap includes an essential oil blend with bay, woods and spices—much like the spirit of a warm, friendly fireplace on a cold night.

**2. KALLIE BELLE LAVENDER:** Uplifting and calming, this soap includes an essential oil blend with fine French lavender and herbs—Dedicated to my beautiful children and the place of laughter and sacredness within all of us.

**3. LEMONGRASS AWAKENING:** Made with a refreshing blend of essential oils, this soap will definitely help get you going in the morning and may even inspire lovely visions.

**4. MAGICAL ANISEED:** Made with an essential oil blend inspired by the South of France—think, drinking pastis (aniseed liqueur) beside ancient castle walls, surrounded by lavender & sunflowers, dinner at 10pm under lazy skies.

**5. SENSUAL YLANG-YLANG:** Includes a sweet, earthy & erotic essential oil blend Aphrodite would be proud of—Dedicated to your passionately loving side.

**6. WILDWOOD & OATS:** This soap comes with a warning that after bathing you may be overtaken by the urge to live in a tree. That warning completely aside, this bar also contains oatmeal for a pleasing exfoliating scrub.
